

Job Opportunities For Petroleum Engineering Graduates

With the improvement in Oil Price globally, Job opportunities in Petroleum Industry have increased both on national and International level.

Recently Mari Petroleum Ltd, a well-established National E&P company has taken test and interviewed of 14 students of last year passed batch. According to them they have about 20 vacancies for Trainee Petroleum Engineers. Eni Pakistan has also started providing job on as and when required basis. Pakistan Petroleum Ltd, United Energy Petroleum Ltd and other E&P national and multi-national companies are also geared up to enhance their activities and to hire trainees.
