Organizing Committee

Chairman: IEP Karachi Centre
Treasurer: IEP Karachi Centre
Secretary: IEP Karachi Centre

Technical Advisory Committee

American Society of Civil Engineers (ASCE)
Asian Pacific Society for Earthquake Engineering
The Institution of Engineers, Pakistan (IEP)
The Institution of Engineers Bangladesh (IEB)
The Institution of Engineers Sri Lanka (IESL)
Nepal Engineers Association (NEA)

Pre Conference Event
Roadmap Workshop
Fostering Technological Innovation in Civil Engineering

Workshop Objectives
- Strategic roadmap building methodology
- Identifying current challenges and opportunities for technological innovation in Civil Engineering and related fields in Pakistan
- Building thematic priority areas for integrating innovation as per identified opportunities
- Constructing roadmaps
- Roadmap sharing and consensus building
- Concrete actions for next steps and wrap-up

Workshop benefits
- Interactive perspective sharing among the Civil Engineering professionals
- Hands-on exercises for capacity building of industry professionals
- Learning from international experts regarding the contemporary innovations in Civil Engineering
- Being part of developing strategic roadmap

ABOUT KARACHI

Karachi is a bustling metropolis of over 25 million people, located on the southern coastline of Sindh province near to the Arabian Sea. It is the principal port and commercial hub of Pakistan with several industrial zones, an international airport, two seaports and road links to the rest of the country. With several renowned universities located in the city, Karachi is a major center for education and higher learning in South Asia and the Muslim world. The city is an ongoing bonanza of shopping surprises that dazzle with enchanting sights and sounds of smiling bazaar. Meet hotels, restaurants and many shops accept international credit cards. Pakistan standard time i.e. Greenwich Time (GMT) +5:00.

The electrical supply is 220-240 volts.

Ensuring Technological Advancements Through Innovation Based Knowledge Corridor

8th International Civil Engineering Congress

23 & 24 December, 2016
Karachi, Pakistan

Jointly Organized by

The Institution of Engineers Pakistan
Karachi Centre

&

NED University of Engineering & Technology
Karachi

in collaboration with

The Asian Civil Engineering Coordinating Council

Federation of Engineering Institutions of Islamic Countries (FEIC)
Federation of Engineering Institutions of South & Central Asia (FEISCA)
The Institution of Engineers Pakistan

The Institution of Engineers Pakistan (IEP) was established in 1948. It is the premier national body of Engineers working for the advancement of Engineering Profession. It has headquarters at Lahore and centers in all major cities of Pakistan as well as in Riyadh, Saudi Arabia & Bahrain. IEP has signed technical collaboration agreements with more than forty professional Engineering Organizations across the globe. IEP is also the member of six international / regional engineering bodies and has the honor to represent Pakistan at these forums. IEP Karachi Center is the biggest center of IEP Karachi. Center has been organizing international Civil Engineering Congresses since 2000. Since then it has organized 7 ICEC the last being in 2013. 8th International Civil Engineering Congress will be a 2 day event jointly organized by IEP Karachi Centre and NED University of Engineering & Technology Karachi (Civil Engineering Faculty).

NED University of Engineering and Technology

NED University is one of the oldest engineering institutions in Pakistan. It offers bachelor, Masters and Doctoral degree programs. The programs are aimed of preparing students to shoulder their professional responsibilities and enable them to contribute in research and development in related fields. Various seminars and conferences are held every year which not only provide practical exposure to the students but also a platform for academia-industry collaboration.

Conference Tracks

8th ICEC will encompass all areas of civil engineering, which includes but is not limited to Structural Engineering, Construction Project Management, Earthquake Engineering & Design, Transportation Planning, Traffic Simulation and Modeling, Disaster Management, Geo-technical Engineering, Water Resources, and Environmental Engineering.

ICEC- Highlights

International Civil Engineering Congress (ICEC) is a regular feature in the calendar of events for Institution of Engineering Pakistan and its Organizing partner NED University of Engineering and Technology Karachi. It’s being organized frequently for almost two decades now. Seven International congresses have been organized in the past. The latest version of ICEC was held on June 12-13, 2015 in Karachi in collaboration with Federation of Engineering Institutions of Islamic Countries (FEICIC), Federation of Engineering Institutions of South and Central Asia (FEISCA) and the Asian Civil Engineering Coordinating Council (ACECC). Theme of this congress was “Sustainable Development through Advancements in Civil Engineering”. A total number of 25 International peer reviewed papers including those from United Kingdom, Saudi Arabia, Iran, India, Afghanistan and Pakistan etc. were presented at the event. The congress was attended by a number of delegates from academia and industry that provided a great opportunity for the stakeholders to meet and discuss various issues related to civil engineering education, profession and recent advancements.

NED University of Engineering & Technology

NED University is one of the oldest engineering institutions in Pakistan. It offers bachelor, masters and doctoral degree programs. The programs are aimed of preparing students to shoulder their professional responsibilities and enable them to contribute in research and development in related fields. Various seminars and conferences are held every year which not only provide practical exposure to the students but also a platform for academia-industry collaboration.

Conference Tracks

8th ICEC will encompass all areas of civil engineering, which includes but is not limited to Structural Engineering, Construction Project Management, Earthquake Engineering & Design, Transportation Planning, Traffic Simulation and Modeling, Disaster Management, Geo-technical Engineering, Water Resources, and Environmental Engineering.

Instruction for Authors

Abstracts must be typed in single spaced having a maximum length of 175 words with 5 keywords. It must contain Paper title, Author’s name, Organization, email, phone and fax numbers. Abstracts must be submitted through email only at icec@iepkarachi.org.pk. Paper submission instructions and Paper template will be available to download from the conference website after abstract acceptance.

Recognized CPD Activity

PEC will award credit points to participating engineers as per their defined criteria.
