The Norwegian Centre of Excellence in Petroleum Studies (NCEPS) at Department of Petroleum Engineering, NED University of Engineering and Technology is organizing a two days International Conference ICOUR-I with the theme “Advanced Technologies & Development Strategies for Economic Exploitation of Unconventional Hydrocarbon Resources of Pakistan and the Region.”. This international conference aims to bring the various national and international academicians, practitioners, industry experts and policy makers to highlight the best practices and recent developments in unconventional resources.

Organizing Committee

Dr. Muhammad Afzal
Chief Plan Coordinator(FICP)

Prof. Abid Murtaza Khan (NEDUET)

Prof. Egil Tjaland (NTNU)

Patrick Reurink (NTNU)

Dr. Farrukh Arif (NEDUET)

Dr. Abdul Majeeed (NEDUET)

Mr. Waqas Ahmed (PIP)

Mr. Faizan Ali (NEDUET)

Mr. Syed Adnan Ul Haque (NEDUET)

Mr. Aftab Hussain Arain (NEDUET)

Technical & Advisory Committee

Mr. H. Masood Sohail
(Chairman, Petroleum Department Advisory Board)

Prof. Sarosh H. Lodhi (NEDUET)

Prof. Abid Murtaza Khan (NEDUET)

Prof. Egil Tjaland (NTNU)

Prof. Curtis H. Whitney (NTNU)

Prof. Jon Kleppe (NTNU)

Prof. Michael Golan (NTNU)

Prof. Khalid Aziz (Stanford Univ, USA)

Dr. Syed Muhamad Tariq (NEDUET)

Dr. Ali M. AlSumaiti (PI)

Dr. Farred Iqbal Siddique (PPL)

Dr. Saeed Khan Jadoon (OGDCL)

Dr. Nadeem Ahmed (MOL)

Dr. Amjad Shah (UK)

Dr. Farrukh Arif (NEDUET)

Dr. Abdul Majeeed (NEDUET)

Mr. Asfandyar Ansari (Qatar)

Mr. Javed Hanif (NEDUET)

NTNU - Norwegian University of Science and Technology

Address: Høgskoleringen 1, 7491 Trondheim, Norway

Key Dates:

Extended abstract deadline: April 30, 2016

Peer review results: May 10, 2016

Camera ready paper submission: May 20, 2016

Registration deadline: May 20, 2016

Conference dates: May 30-31, 2016

For Further details visit our website by scanning the QR code or visit https://sites.google.com/site/icour2016

Objectives:

Securing country’s future energy demand through advanced technology, development strategies and economic exploitation of Shale and Tight Gas Resources.

Topics of the conference:

- Development & appraisal strategies for hydrocarbon resources.
- Advancement in improved recovery techniques.
- Challenges in the exploitation of shale gas & tight gas resources.
- Approaches for drilling and wellbore stability.
- Legal framework, policies, incentives & environmental issues for the development.
- Project development and management.
- The future of tight gas and shale gas & oil resources for the region.
- Any other relevant topic.

Registration Details:

Author registration will be free

Registration fee per participant for following categories:

- Student/Academia: Rs. 10,000/.
- Industry category: Rs. 20,000/.
- International participant: USD 300.

Payment through cross cheque/pay order in favor of “ICOUR-NEDUET”. Once registration confirmed, participants will receive letter with conference program. Mailing Address: Chairman, Department of Petroleum Engineering, NED University of Engineering & Technology, University Road, Karachi-75270, Sindh, Pakistan. Tel: 0092-21-99261261-68 ext-2345 or 0092-21-99261210 (Direct)
