International Conference on Higher Education for Deaf in Pakistan (HEDP 2022)

Ida Rieu Schools and Colleges for Blind and Deaf and NED University of Engineering and Technology are collaborating to organize an International Conference on Higher Education for Deaf in Pakistan (HEDP 2022) in August, 2022. Ida Rieu has emerged as Pakistan's premier institution providing special education and training from Montessori to Masters Level. It provides quality education, assistive technologies, vocational training, health care, counseling services, sports and fitness training, job placements, and other allied facilities to its students free of cost. The year 2022 is centennial year of Ida Rieu and the conference is to mark one century of dedicated services to special people. The purpose of this conference is to bring experts and stakeholders together for consultation on higher education for the deaf in Pakistan. Accepted papers will be submitted for inclusion into MDPI proceedings subject to meeting their scope and quality requirements.

Themes:

Higher Education for deaf – A reflection on the state of affairs
Higher Education for deaf – Challenges and way forward
Higher Education for deaf – Career opportunities
