

Organized by

The Institution of Engineers
Pakistan-Karachi Centre

Department of Civil Engineering
NED University of Engineering &
Technology, Karachi

ELEVENTH INTERNATIONAL CIVIL ENGINEERING CONFERENCE

13th & 14th March 2020

**Institution of Engineers Pakistan
Karachi Centre**

Main Shahrah-e-Faisal
Opp: Hotel Regent Plaza, Karachi

Integrating Innovation & Sustainability in Civil Engineering

In Collaboration with

The Asian Civil Engineering
Coordinating Council

Federation of Engineering Institutions
of South & Central Asia (FEISCA)

Federation of Engineering Institutions
of Islamic Countries (FEIIC)

Association of Consulting Engineers
(Pakistan)

Sir Syed University of
Engineering & Technology
Karachi

Balochistan University of
Engineering & Technology
Khuzdar

Balochistan University of
Information Technology
Engineering & Management
Sciences, Quetta

Mehran University of
Engineering & Technology
Jamshoro

Quaid-e-Azam University
of Engineering, Science
& Technology, Nawabshah

About ICEC

International Civil Engineering Conference (ICEC) is a regular feature in the calendar of events for Institution of Engineers Pakistan and NED University of Engineering and Technology, Karachi. It is being organized frequently for almost two decades now. Ten International Conferences have been organized in the past. Every year, the ICEC is held under an innovative theme related to contemporary issues that relate Civil Engineering and Socio-economics of the society. The latest version of ICEC was held on February 23-24, 2019 at Karachi. The Conference was organized in collaboration with Federation of Engineering Institutions of Islamic Countries (FEIIC), Federation of Engineering Institutions of South and Central Asia (FEISCA) and The Asian Civil Engineering Coordinating Council (ACECC). Theme of the conference was "Technological Transformation of Civil Engineering." More than 40 papers were presented at the 2019 conference including those from United States, United Kingdom, Malaysia, Sri Lanka, Bangladesh, Iran, Indonesia and Nepal. The conference was attended by a number of delegates from academia and industry that provided a great opportunity for the stakeholders to meet and discuss various issues related to Civil Engineering education, profession and recent advancements. Invited talk from renowned industry experts and consultants were also held to bridge the gap between academia and industry & review the current engineering practices, challenges faced by the industry and their potential solutions in collaboration with academia. The 11th International Civil Engineering Conference is being organized under the theme of "Integrating Innovation & Sustainability in Civil Engineering". The theme is aligned with the fact that Civil Engineering profession has integrated technology from many other disciplines for enhancing its efficiency and productivity incorporating principles of sustainability.

profession and recent advancements. Invited talk from renowned industry experts and consultants were also held to bridge the gap between academia and industry & review the current engineering practices, challenges faced by the industry and their potential solutions in collaboration with academia. The 11th International Civil Engineering Conference is being organized under the theme of "Integrating Innovation & Sustainability in Civil Engineering". The theme is aligned with the fact that Civil Engineering profession has integrated technology from many other disciplines for enhancing its efficiency and productivity incorporating principles of sustainability.

Venue

The conference will be held at The Institution of Engineers Pakistan, Karachi Center. The Inaugural Session will be held at NED University of Engineering & Technology, Karachi, Main Campus.

Invited Talks from Industry

Experts from renowned engineering and consulting firms are also invited to present and showcase the latest engineering practices in the field through complex engineering projects. They enrich the audience with insights and challenges they are encountering to address the complex technical problems of the metropolitan. This session was first time introduced in 10th ICEC and was overwhelmingly received by the audience.

Conference Tracks

The conference encompasses all areas of civil engineering, including (but not limited to) following:

- Structural Engineering
- Construction Engineering and Management
- Earthquake Engineering
- Transportation Engineering
- Traffic Simulation and Modelling
- Disaster Management
- Coastal Engineering
- Geo Technical Engineering
- Water Resource Engineering
- Environmental Engineering

Important Dates

Abstract Submission	Abstract Acceptance	Full Paper Submission	Review Result	Camera Ready Submission
30	15	15	15	30
September 2019	October 2019	December 2020	January 2020	January 2020

Chairman IEP Gold Medal will also be awarded to the best paper selected by expert committee.

PEC will award credit points to participating engineers as per their defined criteria.
