

19 November 2020

ANNOUNCEMENT

Gender and Water - Why Women Should Lead Online Course

Due to another rising peak of COVID-19 (Coronavirus) cases and overall uncertainty evolving from the situation, we have been compelled to reschedule the course and take it forward by three weeks. The new dates for the course are:

14th – 24th December 2020

The registrations of those that have filled out their on-line forms will continue in the same order for the above new dates. Those who have not registered as yet may go ahead with registration and we stand by our first come first served bases.
