

University of Sao Carlos – 2024

Field	Details
MoU Name	MOU between University of Sao Carlos and NED University of Engineering & Technology, Karachi
Signed Date	March 14 2024
Validity	-
Brief Description	<p>This Memorandum of Intent (MoI) establishes a five-year academic, scientific, technical, and cultural cooperation between NED University of Engineering and Technology, Pakistan, and the Federal University of São Carlos, Brazil. The collaboration aims to promote continuous strengthening and advancement through the joint development of programs and activities. Key forms of cooperation include joint research programs, the exchange of faculty, researchers, and students, and the co-organization of academic and cultural events. This international academic partnership strongly supports SDG 4: Quality Education by facilitating academic exchanges and joint training/research, and SDG 17: Partnerships for the Goals by fostering cross-continental cooperation for sustainable development in education and science.</p>
SDGs Mapping	SDG: 4 and 17
