Gawadar Development Authority (GDA) – 2025

Field	Details
MoU Name	MOU between Gawadar Development Authority (GDA) and NED University of Engineering & Technology
Signed Date	Februray 01 2025
Validity	02 Years
Brief Description	1. This MoU will strengthen practical and academic collaboration for mutual benefit. 2. NEDUET faculty will deliver lectures and training to build GDA staff capacity, especially for community-based projects. 3. NEDUET may develop a training manual and conduct workshops/short courses for sustainable capacity building of GDA staff. 4. NEDUET may advise GDA on adaptive reuse of heritage buildings in Gwadar in architecture and urban planning contexts. 5. NEDUET may support GDA through technical reviews of urban engineering projects and guidance to engineers. 6. NEDUET may help GDA design and run public awareness campaigns on conservation, heritage, and sustainability. 7. GDA will facilitate NEDUET students, researchers, and faculty visiting Gwadar for study and research. 8. GDA will support NEDUET students and researchers in academic and research activities through appropriate mechanisms. 9. Both parties may co-organize national/international seminars and conferences on urban planning, sustainability, and engineering. 10. Both parties may host competitions and hackathons where students propose solutions for Gwadar, with GDA providing data and resources. 11. NEDUET and GDA may collaborate on joint research and projects in urban planning, smart cities, renewable energy, coastal engineering, and heritage restoration
SDGs Mapping	SDG 9 – Industry, Innovation and Infrastructure, SDG 11 – Sustainable Cities and Communities
