

NORTHERN UNIVERSITY, SHENYANG, CHINA – 2026

Field	Details
MoU Name	Memorandum of Intent (MoI) between NED University of Engineering & Technology, Karachi, Pakistan and Northern University, Shenyang, China
Signed Date	July 16, 2026
Validity	05 Years
Brief Description	The collaboration between the two universities focuses on the following areas: 1. Staff & Student Exchanges and Fellowships: Organizing and coordinating long- and short-term mutual exchange programs for faculty, students, researchers, and technical staff, as well as initiating fellowship programs for young researchers and postdoctoral scholars. 2. Academic Sessions and Seminars: Conducting seminars, interactive academic sessions, professional development activities, and developing special short-term academic programs on topics of mutual interest. 3. Research Capacity & Funding: Enhancing the research capacities of both universities, leveraging research potential for mutual benefit, and jointly applying to secure external international funding for joint initiatives. 4. Graduate Thesis Supervision & Review: Jointly supervising Masters/PhD theses and acting as PhD thesis reviewers. 5. Joint Degree Programmes: Offering joint degree programmes, subject to obtaining the necessary institutional approvals.
