

Fluid Systems International PVT is looking for project trainees in its B to B pumping machinery sales department.

- * Only mechanical engineering graduates are eligible for this position.
- * Excellent communication and interpersonal skills are required.
- * Project trainees must have their own means of transport for outbound sales and site visits.

Provided:

- * Permanent job offer based on performance with market competitive salary and commission structure.
- * Stipend for trainees.

To apply send your resume to **soubia.naz@fsipl.com** with the subject line project trainee.
