About AI Summit 2021:

After the ground breaking success in 2019, **10Pearls** is thrilled to announce **AI Summit 2021**, to be held virtually on **November 3, 2021**. Experience the fascinating world of AI through powerful key note sessions, up and coming startups, interactive **workshops**, and gripping panel discussions led by brilliant tech gurus and industry veterans. We are excited to share a power packed **agenda** for the **3rd of November, with hands-on workshops taking place from 10:30 AM – 2:00 PM, followed by the Conference Track from 3:00 PM to 8:00 PM.**

Workshop Topics:

- ✓ Introduction to Deep Learning and its Applications for Assisted Driving - *KeepTruckin*
- ✓ Introduction to Data Sets and Kaggle Progression System - *Kaggle*
- ✓ AI Based Recruiting Engine – *10Pearls*
- ✓ Trusted AI: Build Explainable ML Models using AIX360 - *IBM*
- ✓ Data Engineering in Cloud - *Karachi AI*
- ✓ Video Text Recognition in Practical Systems. – *AI Lounge*

In addition to workshops, we have a great line up of speakers from Microsoft, Google, KeepTruckin, IBM, DataPillar, and many more!

Benefits of virtual attendance:

- ✓ Attend for FREE from anywhere around the world
- ✓ Get front- row access to game- changing start up ideas
- ✓ Stay updated with the latest industry innovation
- ✓ Opportunities to meet 100's of attendees virtually
