

Engro Enablers is the flagship **Graduate Trainee Engineer** Program which onboard, grooms and empowers fresh engineering talent to become the leaders of tomorrow at Engro.

We are pleased to inform you that we have kickstarted the program for 2022 and are welcoming Enablers applications from **Mechanical, Electrical, Instrument & Electrical, Chemical, Power, Civil, Geology & Telecommunications** engineering students.

Help us spread the word in your network – engineering students can apply by visiting our Engro Careers Portal via <https://www.engro.com/join-us/> and submitting their application against their respective disciplines.

Deadline to apply: 31st March 2022
