

We Are Hiring: IT Professionals

TPL Insurance is Pakistan's first and only direct insurance company to pioneer contact centers and web-based services, allowing customers to interact and retrieve progress on their insurance policies and claims.

Currently, we are looking for the services of energetic, enthusiastic, and result-oriented professionals for multiple positions to join our growing team based in Karachi:

1. Software Engineer

This position will be responsible for developing software, writing code, and doing low level analysis. They will also perform unit testing of source code, understand requirements before converting it to source code, and fix errors generated.

The ideal candidate should be a BCS/BS in Computer Sciences, B.E in Computer Engineering, or MCS/MS in Computer Sciences graduate with at least 1 to 2 years of relevant experience from well-reputed organizations

Skills:

- Programming skills in C#, ASP.NET, MVC (Web platform), HTML, Web API (Rest), JavaScript, JQuery, AJAX using Visual Studio.
- Knowledge of .Net Core, Angular and scripting languages.
- Familiarity with the MS SQL Server and design/architectural patterns, frameworks and ORM
- Database Programming (Stored Procedures, T-SQL) with MS SQL Server.

At TPL we are an equal opportunity employer and we do not discriminate on the basis of race, gender, color, religion, age & disability

Interested candidates may share their resumes at sarwat.khan@tplcorp.com and careers@tplcorp.com with the relative position title in the subject line.
