Who we are?

Jersey Precast is the leading manufacturer of pre-cast and pre-stressed concrete products for heavy, highway, infrastructure and facilities projects such as Parking Garage, Train Stations, Segmental bridges and Industrial building in the NY / NJ metro area. Over the past 40 years, we have established a reputation for professional excellence and customer service.

One of our core strengths is our focus on engineering and our fabrication facilities are backed up by a team of exceptional engineers and technicians. . We routinely perform design build projects and undertake significant design and construction engineering assignments.

Customer satisfaction and employee empowerment are the cornerstone of our corporate philosophy.

Who are we looking for?

We are looking for motivated and dedicated engineers to serve in the role of Project Engineers. The successful candidates will assist with the estimating activities as well as project management with a focus on improving project deliverables.

The candidates we are looking for are team players and willing to broaden their horizons by working in a multi-disciplinary environment.

Project Engineer Responsibilities:

Typical roles and responsibilities for Project Engineers may include the following:

1. Quantity estimation and cost analysis for bidding projects.
2. Reviewing bid documents, preparing proposals.
3. Preparing, scheduling, coordinating, and monitoring assigned engineering projects.
4. Cooperating and communicating with the Project Manager and other project participants and collaborating with Senior Engineers
5. Reviewing the engineering tasks and initiating any necessary corrective actions.
6. Interacting with clients, interpreting their needs and requirements.

40 Years of Excellence

Project Engineer Requirements:

1. A Bachelor's degree in Civil Engineering – Fresh graduates preferred.
2. Strong computer literacy and knowledge of civil engineering software.
3. Strong written and verbal communication skills.
4. Knowledge of applicable codes, policies, standards, and best practices.

What we Offer?

We are committed to providing a work environment that promotes safety, employee welfare, and growth opportunities. Every employee is a part of the JPC family and we treat each other with respect and trust. Together we work to ensure each others safety as well as professional advancement. Customers and vendors are treated with honesty, respect and courtesy. Loyalty, hard work and innovation are appreciated and rewarded. We strive to be good corporate citizens and will conduct our business in a manner that is responsible to the environment and society. We take pride in who we are and what we do.

In return for your skills, knowledge, and passion, we offer a wide range of benefits including:

- Competitive salary
- Flexible working hours
- Work from home (Optional)
- Aggressive bonus structure to reward your commitment
- Paid Time Off
