## JOB DESCRIPTION

**Job Title:** Flutter Developer

**Location:** Karachi (Saddar) — On-site

**Contract:** Full-time (2-year bond/commitment)

**Industry:** Mobile App Development | Technology | Digital Solutions

**Experience Level:** 1+ Years

### **Job Summary**

Our client is seeking a skilled and motivated Flutter Developer with a strong foundation in mobile application development. The ideal candidate will support the design, development, and optimization of mobile apps while collaborating closely with senior engineers. This is an excellent opportunity for early-career professionals to deepen their expertise in Flutter, UI/UX implementation, and high-performance mobile development.

### **Skills**

- Proficiency in Flutter and Dart
- Understanding of mobile development principles and UI/UX best practices
- Familiarity with RESTful APIs and third-party integrations
- Strong debugging and problem-solving capabilities
- Attention to detail and willingness to learn emerging technologies

### **Key Responsibilities**

#### **Mobile App Development**

- Assist in developing and maintaining mobile applications using Flutter.
- Implement intuitive, responsive, and user-friendly interfaces.
- Support development of new features and enhancements across existing apps.

#### **Performance & Optimization**

- Assist in performance tuning, scalability improvements, and code optimization.
- Identify, troubleshoot, and resolve technical issues within the applications.

#### **Collaboration & Innovation**

- Work closely with senior developers to translate requirements into technical solutions.
- Participate in sprint planning, code reviews, and technical discussions.
- Stay updated with emerging trends, tools, and best practices in mobile development.

### **Qualification**

- Bachelor's degree in Computer Science or a related field.
- 1+ years of experience in mobile application development.
- Hands-on experience with Flutter, Dart, and app debugging tools.
- Familiarity with REST APIs, integration practices, and version control systems.
