

28-02-2022

Schlumberger is running a regional level event hosted by our area presented [Tarek Rizk](#) and we would like to extend the invitation to **NED** students and graduates, please feel free to pass the below invitation to the students and graduates to register themselves using the below link.

They will be able to talk to our leadership team as well as our current employees to explore more about the industry, corporate work environment and start building up their network and connections.

Students and graduates can register using through the links of by clicking [REGISTER](#) in the below communication.
