JD for Agentic AI Tech Ops

Location: Onsite – Clifton Block 8

Type: Full-time / Entry-level

About the Role:

We're hiring a fresh graduate with a background in AI, Data Science, or Computer Science to join our onsite Tech Operations team. You'll help manage AI tools, data pipelines, and automation systems that support daily operations.

What You'll Do:

- Support day-to-day operations of AI and data tools
- Monitor workflows and assist in resolving technical issues
- Help document and improve internal processes
- Work with the team on prompt testing, tool integration, or automation tasks

Requirements:

- Previous internship experience is preferred.
- Degree in AI, Data Science, Computer Science, or a related field
- Strong problem-solving and learning mindset
- Good communication and documentation skills

Interested candidates can send their resumes to:
