KoderLabs is looking for

SQA ENGINEER (INTERN)

Bachelor's degree in Computer Science or Software Engineering (final-year student or fresh graduate).

Job Description:

- Assist in testing web and mobile applications under the guidance of senior QA engineers.
- Review requirements and user stories to understand testing scenarios.
- Support the creation and execution of test cases and test plans.
- Perform basic functional and regression testing.
- Identify, report, and track software defects using bug-tracking tools.
- Collaborate with developers and the QA team to ensure quality standards are met.
- Participate in team meetings, sprint planning, and QA discussions.

Requirements:

- Basic understanding of Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC).
- Familiarity with manual testing concepts and bug reporting.
- Strong analytical and problem-solving skills.
- Good communication and teamwork abilities.

If you think you are the perfect match, then apply!

Location: Karachi, Pakistan
