ATLAS IT RESOURCE CENTER

Atlas Group (Atlas IT Resource Center)

The foundation of the Atlas Group was laid in 1962 by the founder of Atlas Group Mr. Yusuf H. Shirazi.

The group has a diversified portfolio and major activities are in engineering, financial and trading sector. It consists of sixteen companies out of which four are quoted on the Stock Exchanges in Pakistan. Information Technology Resource Center (ITRC) has been created at corporate level to define policies related to Information Technology and getting them implemented across the group.

Mission is to introduce leading edge technologies and IT initiatives within group to automate information delivery, minimize paperwork, accessibility of data with reliability confidentiality, and securely for enhancement of time and cost efficiencies within the companies and at group level.

Atlas IT Resource Center is constantly looking for qualified young individuals who would like to progress in future and build a long-lasting relationship with the company in accordance with the Atlas culture.

Currently, IT Resource Center is hiring Application Engineer.

Job Summary

The Application Engineer is an associate at Atlas ITRC primarily responsible for developing web/mobilebased applications in accordance with design, security, and performance standards. The delivered code is expected to be bug-free and meet all deadlines.
