Job Opportunity: Risk Engineer – UBL Insurers Limited

We are seeking a proactive Risk Engineer to identify, evaluate, and mitigate technical and operational risks within our projects/operations. You will be responsible to ensure compliance, minimizing losses, provide regular data and promoting a culture of safety and resilience.

Key Responsibilities:

- Conduct comprehensive risk assessments and on-site hazard analyses.
- Develop and implement loss prevention and risk mitigation strategies.
- Prepare detailed reports (e.g., PML analyses) for management and underwriters.
- Ensure compliance with industry safety standards, codes, and regulations.

Qualifications & Experience:

- Bachelor's degree in a Mechanical/Chemical/Electrical/Civil Engineering.
- At least 1 years of experience in risk management, loss prevention, or a relevant industry sector.
- Strong analytical skills and technical understanding of operational hazards.
- Ability to manage multiple tasks and meet deadlines.
- Detail-oriented and highly organized.

Interested candidates are encouraged to send their CVs to the following email addresses:
human.resource@ublinsurers.com , zfaraz@ublinsurers.com

Please mention the position "**Risk Engineer**" in the subject line. We Provide market competitive salary and growth-oriented environment.
