'SAY NO TO CORRUPTION'

05-12-2025

Technical Support Engineer

Job Type: Permanent

Education: B.E/B.S in Electronics

Experience: Fresh or 1 year of experience

Job Location: Brookes Chowrangi, Korangi Industrial Area, Karachi

How to Apply: Interested candidates can send their applications to careers@saltec.co

Key Responsibilities

- Diagnose and resolve power-related faults in coordination with field teams.
- Perform routine system maintenance, configuration updates, and calibrations.
- Ensure timely configuration updates and system calibrations as required.
- Log and track all power-related incidents, conduct root cause analysis, and prepare reports.
- Coordinate with field teams, vendors, and internal departments for timely issue resolution.
- Escalate new customer requirements to appropriate teams and follow up.
- Monitor power systems and alarms using NOC tools to ensure uninterrupted power supply.

Requirements

- Knowledge of power systems, including rectifiers, batteries, and generators.
- Familiarity with monitoring tools for power systems.
- Strong analytical and troubleshooting skills.
- Excellent communication and coordination abilities.
- Ability to work under pressure and manage multiple tasks efficiently.
