Instructions to Bidders

General Rules and Directions for the Guidance of Contractors.

1. All work proposed to be executed by contract shall be notified in a form of Notice Inviting Tender (NIT)/Invitation for Bid (IFB) hoisted on website of Authority and Procuring Agency and also in printed media where ever required as per rules.

NIT must state the description of the work, dates, time and place of issuing, submission, opening of bids, completion time, cost of bidding document and bid security either in lump sum or percentage of Estimated Cost/Bid Cost. The interested bidder must have valid NTN also.

2. Content of Bidding Documents must include but not limited to: Conditions of contract, Contract Data, specifications or its reference, Bill of Quantities containing description of items with scheduled/item rates with premium to be filled in form of percentage above/ below or on item rates to be quoted, Form of Agreement and drawings
3. **Fixed Price Contracts:** The Bid prices and rates are fixed during currency of contract and under no circumstance shall any contractor be entitled to claim enhanced rates for any item in this contract
4. The Procuring Agency shall have right of rejecting all or any of the tenders as per provisions of SPP Rules 2010.
5. **Conditional Offer:** Any person who submits a tender shall fill up the usual printed form stating at what percentage above or below on the rates specified in Bill of Quantities for items of work to be carried out: he is willing to undertake the work and also quote the rates for those items which are based on market rates. Only one rate of such percentage, on all the Scheduled Rates shall be framed. Tenders, which propose any alternative in the works specified in the said form of invitation to tender or in the time allowed for carrying out the work, or which contain any other conditions, will be liable to rejection. No printed form of tender shall include a tender for more than one work, but if contractor wish to tender for two or more works, they shall submit a separate tender for each.

The envelope containing the tender documents shall refer the name and number of the work.

6. All works shall be measured by standard instruments according to the rules.

7. Bidders shall provide evidence of their eligibility as and when requested by the Procuring Agency.
8. Any bid received by the Agency after the deadline for submission of bids shall be rejected and returned unopened to the bidder.
9. Prior to the detailed evaluation of bids, the Procuring Agency will determine whether the bidder fulfills all codal requirements of eligibility criteria given in the tender notice such as registration with tax authorities, registration with PEC (where applicable), turnover statement, experience statement, and any other condition mentioned in the NIT and bidding document. If the bidder does not fulfill any of these conditions, it shall not be evaluated further
10. Bid without bid security of required amount and prescribed form shall be rejected.
11. Bids determined to be substantially responsive shall be checked for any arithmetic errors. Arithmetical errors shall be rectified on the following basis;
 - (A) **In case of schedule rates**, the amount of percentage quoted above or below will be checked and added or subtracted from amount of bill of quantities to arrive the final bid cost
 - (B). **In case of item rates**,. If there is a discrepancy between the unit rate and the total cost that is obtained by multiplying the unit rate and quantity, the unit rate shall prevail and the total cost will be corrected unless in the opinion of the Agency there is an obvious misplacement of the decimal point in the unit rate, in which case the total cost as quoted will govern and the unit rate corrected. If there is a discrepancy between the total bid amount and the sum of total costs, the sum of the total costs shall prevail and the total bid amount shall be corrected.
 - (C). Where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.

(q). For any query and clarification about BoQ items and drawings etc. bidder may contact the Directorate of Works & Services of this University in working hours.

Bidder

Conditions of Contract

Clause – 1: Commencement & Completion Dates of work. The contractor shall not enter upon or commence any portion or work except with the written authority and instructions of the Engineer-in-charge or of in subordinate-in-charge of the work. Failing such authority, the contractor shall have no claim to ask for measurements of or payment for work.

The contractor shall proceed with the works with due expedition and without delay and complete the works in the time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall reckoned from the date on which the order to commence work is given to the contractor. And further to ensure good progress during the execution of the work, contractor shall be bound, in all in which the time allowed for completion of any work exceeds one month, to achieve progress on the prorate basis.

Clause – 2: Liquidated Damages. The contractor shall pay liquidated damages to the Agency at the rate per day stated in the bidding data for each day that the completion date is later than the Intended completion date; the amount of liquidated damage paid by the contractor to the Agency shall not exceed 10 percent of the contract price. Agency may deduct liquidated damages from payments due to the contractor. Payment of liquidated damages does not affect the contractor's liabilities.

Clause – 3: Termination of the Contract.

- (A). Procuring Agency/Executive Engineer may terminate the contract if either of the following conditions exists: -
- i. Contractor fails to execute the work within stipulated time and Contractor causes a breach of any clause of the Contract.
 - ii. The progress of any particular portion of the work is unsatisfactory and notice of 10 days has expired.
 - iii. In case of abandonment of the work owing to the serious illness or death of the contractor or any other cause.
 - iv. Contractor can also request for termination of contract if a payment certified by the Engineer is not paid to the contractor within 60 days of the date of the submission of the bill.
- (B). The Executive Engineer/Procuring Agency has power to adopt any of the following courses as may deem fit: -
- i. To forfeit the security deposit available except conditions mentioned at A (iii) and (iv) above.
 - ii. To finalize the work by measuring the work done by the contractor.

- (C) In the event of any of the above courses being adopted by the Executive Engineer/Procuring Agency, the contractor shall have: -
- i. No claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials, or entered into any engagements, or made any advances on account of, or with a view to the execution of the work or the performance of the contract,
 - ii. However, the contractor can claim for the work done at site duly certified by the executive engineer in writing regarding the performance of such work and has not been paid.

Procuring Agency/Engineer may invite fresh bids for remaining work.

Clause 4: Possession of the site and claims for compensation for delay. The Engineer shall give possession of all parts of the site to the contractor. If possession of site is not given by the date stated in the contract data, no compensation shall be allowed for any delay caused in starting of the work on account of any acquisition of land, water standing in borrow pits/ compartments or in according sanction to estimates. In such case, either date of commencement will be changed or period of completion is to be extended accordingly.

Clause –5: Extension of Intended Completion Date. The Procuring Agency either at its own initiatives before the date of completion or on desire of the contractor may extend the intended completion date, if an event (which hinders the execution of contract) occurs or a variation order is issued which makes it impossible to complete the work by the intended completion date for such period as he may think necessary or proper. The decision of the Executive Engineer in this matter shall be final; where time has been extended under this or any other clause of this agreement, the date for completion of the work shall be the date fixed by the order giving the extension or by the aggregate of all such orders, made under this agreement.

When time has been extended as aforesaid, it shall continue to be the essence of the contract and all clauses of the contract shall continue to be operative during the extended period.

Clause –6: Specifications. The contractor shall execute the whole and every part of the work in the most substantial and work-man-like manner and both as regards materials and all other matters in strict accordance with the specifications lodged in the office of the Executive Engineer and initialed by the parties, the said specification being a part of the contract. The contractor shall also confirm exactly, fully and faithfully to the designs, drawing, and instructions in writing relating to the work signed by the Engineer-in-charge and lodge in his office and to which the contractor shall be entitled to have access at such office or on the site of work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such designs, drawings, and instructions as aforesaid.

Clause – 7: Payments.

- (A). **Interim/Running Bill.** A bill shall be submitted by the contractor as frequently as the progress of the work may justify for all work executed and not included in any previous bill at least once in a month and the Engineer-in-charge shall take or cause to be taken the requisite measurements for the purpose of having the same verified and the claim, as far as admissible, adjusted, if possible before the expiry of ten days from the presentation of the bill, at any time depute a subordinate to measure up the said work in the presence of the contractor or his authorized agent, whose countersignature to the measurement list will be sufficient to warrant and the Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in all respects.

The Engineer /Procuring Agency shall pass/certify the amount to be paid to the contractor, which he considers due and payable in respect thereof, subject to deduction of security deposit, advance payment if any made to him and taxes.

All such intermediate payment shall be regarded as payments by way of advance against the final payment only and not as payments for work actually done and completed, and shall not preclude the Engineer-in-charge from recoveries from final bill and rectification of defects and unsatisfactory items of works pointed out to him during defect liability period.

- (B). **The Final Bill.** A bill shall be submitted by the contractor within one month of the date fixed for the completion of the work otherwise Engineer-in-charge's certificate of the measurements and of the total amount payable for the works shall be final and binding on all parties.

Clause – 8: Reduced Rates. In cases where the items of work are not accepted as so completed, the Engineer-in-charge may make payment on account of such items at such reduced rates as he may consider reasonable in the preparation of final or on running account bills with reasons recorded in writing.

Clause – 9: Issuance of Variation and Repeat Orders.

- (A). Agency may issue a Variation Order for procurement of works, physical services from the original contractor to cover any increase or decrease in quantities, including the introduction of new work items that are either due to change of plans, design or alignment to suit actual field conditions, within the general scope and physical boundaries of the contract.
- (B) Contractor shall not perform a variation until the Procuring Agency has authorized the variation in writing subject to the limit not exceeding the contract cost by of 15% on the same conditions in all respects on which he agreed to do them in the

Work, and at the same rates, as are specified in the tender for the main work. The contractor has no right to claim for compensation by reason of alterations or curtailment of the work.

- (C). In case the nature of the work in the variation does not correspond with items in the Bill of Quantities, the quotation by the contractor is to be in the form of new rates for the relevant items of work, and if the Engineer-in-charge is satisfied that the rate quoted is within the rate worked out by him on detailed rate analysis, and then only he shall allow him that rate after approval from higher authority.
- (D). The time for the completion of the work shall be extended in the proportion that the additional work bear to the original contract work.
- (E). In case of quantities of work executed result the Initial Contract Price to be exceeded by more than 15%, and then Engineer can adjust the rates for those quantities causing excess the cost of contract beyond 15% after approval of Superintending Engineer.
- (F). **Repeat Order:** Any cumulative variation, beyond the 15% of initial contract amount, shall be subject of another contract to be tendered out if the works are separable from the original contract.

Clause-10: Quality Control.

- (A). **Identifying Defects:** If at any time before the security deposit is refunded to the contractor/during defect liability period mentioned in bid data, the Engineer-in-charge or his subordinate-in-charge of the work may instruct the contractor to uncover and test any part of the works which he considers may have a defect due to use of unsound materials or unskillful workmanship and the contractor has to carry out a test at his own cost irrespective of work already approved or paid.
- (B). **Correction of Defects:** The contractor shall be bound forthwith to rectify or remove and reconstruct the work so specified in whole or in part, as the case may require. The contractor shall correct the notified defect within the Defects Correction Period mentioned in notice.
- (C). **Uncorrected Defects:**
 - i. In the case of any such failure, the Engineer-in-charge shall give the contractor at least 14 days notice of his intention to use a third party to correct a defect. He may rectify or remove, and re-execute the work or remove and replace the materials or articles complained of as the case may be at the risk and expense in all respects of the contractor.

- ii. If the Engineer considers that rectification/correction of a defect is not essential and it may be accepted or made use of; it shall be within his discretion to accept the same at such reduced rates as he may fix therefore.

Clause – 11:

- (A). **Inspection of Operations.** The Engineer and his subordinates, shall at all reasonable times have access to the site for supervision and inspection of works under or in course of execution in pursuance of the contract and the contractor shall afford every facility for and every assistance in obtaining the right to such access.
- (B). **Dates for Inspection and Testing.** The Engineer shall give the contractor reasonable notice of the intention of the Engineer-in-charge or his subordinate to visit the work shall have been given to the contractor, then he either himself be present to receive orders and instructions, or have a responsible agent duly accredited in writing present for that purpose, orders given to the contractor's duly authorized agent shall be considered to have the same force an effect as if they had been given to the contractor himself.

Clause – 12: Examination of work before covering up.

- (A). No part of the works shall be covered up or put out of view/beyond the reach without giving notice of not less than five days to the Engineer whenever any such part of the works or foundations is or are ready or about to be ready for examination and the Engineer shall, without delay, unless he considers it unnecessary and advises the contractor accordingly, attend for the purpose of examining and measuring such part of the works or of examining such foundations;
- (B). If any work is covered up or placed beyond the reach of measurement without such notice having been given, the same shall be uncovered at the contractor's expense, and in default thereof no payment or allowance shall be made for such work, or for the materials with which the same was executed.

Clause – 13: Risks. The contractor shall be responsible for all risks of loss of or damage to physical property or facilities or related services at the premises and of personal injury and death which arise during and in consequence of its performance of the contract. if any damage is caused while the work is in progress or become apparent within four months of the grant of the certificate of completion, final or otherwise, the contractor shall make good the same at his own expense, or in default the Engineer may cause the same to be made good by other workmen, and deduct the expenses from retention money lying with the Engineer.

Clause-14: Measures for prevention of fire and safety measures. The contractor shall not set fire to any standing jungle, trees, bush-wood or grass without a written permit from the Executive Engineer. When such permit is given, and also in all cases when destroying, cutting or uprooting trees, bush-wood, grass, etc by fire, the contractor shall take necessary measures to prevent such fire spreading to or otherwise damaging surrounding property. The contractor is responsible for the safety of all its activities including protection of the environment on and off the site. Compensation of all damage done intentionally or unintentionally on or off the site by the contractor's labour shall be paid by him.

Clause-15: Sub-contracting. The contractor shall not subcontract the whole of the works, except where otherwise provided by the contract. The contractor shall not subcontract any part of the works without the prior consent of the Engineer. Any such consent shall not relieve the contractor from any liability or obligation under the contract and he shall be responsible for the acts, defaults and neglects of any subcontractor, his agents, servants or workmen as if these acts, defaults or neglects were those of the contractor, his agents' servants or workmen. The provisions of this contract shall apply to such subcontractor or his employees as if he or it were employees of the contractor.

Clause – 16: Disputes. All disputes arising in connection with the present contract, and which cannot be amicably settled between the parties, , the decision of the Superintending Engineer of the circle/officer/one grade higher to awarding authority shall be final, conclusive and binding on all parties to the contract upon all questions relating to the meaning of the specifications, designs drawings, and instructions, hereinbefore mentioned and as to the quality of workmanship, or materials used on the work or as to any other questions, claim, right, matter, or thing whatsoever in any way arising out of, or relating to the contract design, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the works, or the execution, of failure to execute the same, whether arising, during the progress of the work, or after the completion or abandonment thereof.

Clause –17: Site Clearance. On completion of the work, the contractor shall be furnished with a certificate by the Executive Engineer (hereinafter called the Engineer in-charge) of such completion, but neither such certificate shall be given nor shall the work be considered to be complete until the contractor shall have removed all temporary structures and materials brought at site either for use or for operation facilities including cleaning debris and dirt at the site. If the contractor fails to comply with the requirements of this clause then Engineer-in-charge, may at the expense of the contractor remove and dispose of the same as he thinks fit and shall deduct the amount of all expenses so incurred from the contractor's retention money. The contractor shall have no claim in respect of any surplus materials as aforesaid except for any sum actually realized by the sale thereof.

Clause –18: Financial Assistance /Advance Payment.

- (A). **Mobilization advance** is not allowed.
- (B). **Secured Advance against materials brought at site.**
- i. Secured Advance may be permitted only against imperishable materials/quantities anticipated to be consumed / utilized on the work within a period of three months from the date of issue of secured advance and definitely not for full quantities of materials for the entire work/contract. The sum payable for such materials on site shall not exceed 75% of the market price of materials;
 - ii. Recovery of Secured Advance paid to the contractor under the above provisions shall be affected from the monthly payments on actual consumption basis, but not later than period more than three months (even if unutilized).

Clause –19: Recovery as arrears of Land Revenue. Any sum due to the Government by the contractor shall be liable for recovery as arrears of Land Revenue.

Clause –20: Refund of Security Deposit/Retention Money. On completion of the whole of the works (a work should be considered as complete for the purpose of refund of security deposit to a contractor from the last date on which its final measurements are checked by a competent authority, if such check is necessary otherwise from the last date of recording the final measurements), the defects notice period has also passed and the Engineer has certified that all defects notified to the contractor before the end of this period have been corrected, the security deposit lodged by a contractor (in cash or recovered in installments from his bills) shall be refunded to him after the expiry of 06 Months from the date on which the work is completed.

| B- CIVIL WORKS (Non-Schedule Items) | | | | | |
| Sr. No. | Providing, Fabrication and Applying at any height except where otherwise stated in specific item of the bill of quantities including all material, labour and plant for the following items complete in all respects as per drawings, approved drawings, technical specifications, miscellaneous details and instruction of the Architect / Engineer. | | | | |
| 01 | Non Schedule | Dismantling of block masonry wall & floor carefully of any thickness to required length, height including removal of dismantled materials from site and out of University limit. | 320 Sft. | | |
| 02 | Non Schedule | Removal of existing chip from floor and dado including cutting of C.C plaster floor and wall up to required thickness and removal of dismantled stuff as directed by the Engineer. | 3014 Sft. | | |
| 03 | Non Schedule | Removal of Indian W.C, Basin, Urinal screen and flash tanks with all fixtures and fitting with traps, floor traps, connecting pipe to the main holes complete removal and stacking all released material as directed and removal of debris unserviceable materials from site and outside University limits. | 05 Job | | |
| 04 | Non Schedule | Removal of under floor sewerage C.I./A.C.C Pipes of any size and fitting toilet including stacking serviceable material at site and removal of unserviceable from outside the University limit. | 05 Job | | |
| 05 | Non Schedule | Removal of complete existing concealed and open water supply line and all fixtures and fittings from toilet and stacking all useful at site as directed. | 06 Job | | |
| 06 | Non Schedule | Removal of existing M.S Grill very carefully in any height complete as directed by the Engineer. Size 16'-0" x 2'-0" | 04 Nos. | | |
| 07 | Non Schedule | Making window and ventilator James / edges with 1:4 cement sand mortar due to removal of existing window and ventilator size as required, scaffolding, curing etc. complete, both sides plastered consider 1 Rft, as directed by the Engineer. | 160 Rft. | | |
| 08 | Non Schedule | Providing & fixing 4"x4" 1:2:4 precast lintel having 04 Nos. ½" dia bar with ¼" strips complete in all respect. | 40 Rft. | | |

| Sr. No. | PWD Schedule 2012 Ref. No | DESCRIPTION OF ITEM | QTY. | RATE (RS.) | AMOUNT (RS) |
|---|---------------------------|--|-----------|------------|-------------|
| 09 | Non Schedule | Fixing of M/S Grill to be supplied by the University with cost of separating grill from window and ventilator, reshaping in required size as per site condition with cost of cutting welding adding of missing members, holdfast cost of 03 coat enamel paint complete as directed by the Engineer. | 144 Sft. | | |
| 10 | Non Schedule | Providing and fixing powder coated color aluminum ventilators sliding type with fabricated in 4" wide deluxe section high quality strength aluminum alloy extruded in 1.6mm thickness minimum 25 micron M/S kudson, lucky using galvanize screw with distortion free 5mm thick imported plan tinted, frost glass with fly proof mesh netting with all necessary hardware including silicon filling around the frame complete in all respect as directed by the Engineer. | 144 Sft. | | |
| 11 | Non Schedule | Provide and laying full body porcelain tile matt finished Master / Stile or as approved sample, and size and color for flooring in slop with 1:4 cement sand mortar base of required thickness so as to achieve a minimum overall finished floor thickness in 2" setting the tiles with neat cement mortar the joints with white cement mixed with approved pigment of matching color including, cleaning etc. complete in all respect. | 662 Sft. | | |
| 12 | Non Schedule | Provide and laying full body porcelain tile glossy finished Master / Stile or as approved sample and size and color for dado with 1:4 cement sand mortar base of required thickness so as to achieve joints with white cement mixed with approved pigment of matching color including, cleaning etc. complete in all respect. | 2260 Sft. | | |
| 13 | Non Schedule | Providing and fixing G.I duct size 12"x12" in 20 WSG with cost of wall clamping complete in all respect. | 40 Rft. | | |
| 14 | Non Schedule | Fabrication description 30mm thick factory made moulded PVC door (wood free) consisting of frame made out of M.S. tubes of 19 gauge thickness and size of 20mm x 40mm for stiles as well as top, bottom & lock rail. M.S frame shall have a coat of metal primer of approved make & manufacturer. The inside panel shall consist of 20mm thick multi-chamber hollow PVC section of 1mm wall thickness, bonded using solvent cement / cyanoacrylate adhesive with 5mm (+0.25) thick moulded PVC sheet of density 600kg/cbm with 2,4,6 raised panel design in plain / prelam colours after eouting the moulded design on one side of the inside panel. 5mm (+0.25) plain / prelam PVC sheet to be pasted using solvent cement / cyanoacrylate adhesive on other side of the hollow PVC section. All the four edge of the panel to be sealed with lipping of 10 mm thick & 20 mm wide PVC sheet baton made by sticking 02 Nos. foam PVC sheet of 5mm (+0.25) thickness using PVC solvent cement | 12 Nos. | | |
| 15 | Non Schedule | Providing & fixing solid core 1 st class teak wood veneered flush door shutter 1½" thick including cost of G.I door farm section size 7"x2" the cost of teak ply veneer facing of not less than 3mm thick, and also paste single side approved color Formica, with cost of tempered vision glass size 6"x12", best quality teak wood lipping an on outer face around the frame, with cost of beading both side section 2"x½" locking arrangement all necessary hardware like door closer (Khas Brand) etc. approved quality polishing with lacquer etc. complete as directed by the Engineer. | 123 Sft. | | |
| Total Amount of "B" | | | | | |
| C- Plumbing Works (Non-Schedule Items) | | | | | |
| 01 | Non Schedule | Providing & fixing European W.C in approved color IFO type coupled flush cistern Porta / Casa moda or Equivalent brand as per approved sample including all approved accessories and fittings, waste pipe and traps CP flexible H.D pipe including seat cover Master / Sonex brand "T" stop cock fancy type H.D with check nut. Thumble, and joints to services and dranis plugging and screwing etc. complete in all respect including chiseling of walls, repairing of the same as per existing. | 04 Nos. | | |

| Sr. No. | PWD Schedule 2012 Ref. No | DESCRIPTION OF ITEM | QTY. | RATE (RS.) | AMOUNT (RS) |
|---------------------|---------------------------|--|---|------------|-------------|
| 02 | Non Schedule | Providing & fixing Asian W.C Orisa type in approved color with low level flushing cistern of Porta / Casa moda or Equivalent brand as per approved sample including all approved accessories, like trap full size, CP flexible pipe Master/ Sonex brand, "T" stopcock CP fancy, HD with check units, all joints plugging etc. complete in all respects. | 08 Nos. | | |
| | | Providing & fixing washbasin with pedestal Porta / Casa moda or Equivalent brand in approved color 22 x 16 with all approved master brand accessories like master /Sonex brand pillar cock C.P heavy duty (01 no.) T stopcock C.P flexible pipe, waste pipe couples brackets set, and silicon sealant, all joints to services and drains, plugging etc. complete in all respect. | 10 Nos. | | |
| 03 | Non Schedule | Provide & fix install 1/4" thick Belgium make mirror 2'x5' size with 1/4" commercial ply backing 1 1/2" x 1" deodar wood lipping including polish finish outlined by border tiles of 2"x12" size etc. complete in all respect. | 60 Sft. | | |
| 04 | Non Schedule | Providing & fixing kitchen /toilet accessories as per approved samples including fixing with rowel plug & screws complete in all respects. i. Towel rail 1 1/4" Ø C.P / Plastic coated 24" long as approved by Engineer. ii. Soap dish as approved by the Engineer. iii. Double Bibcock with muslim shower (C.P) heavy duty Master/Sonex brand. iv. Toilet paper holder. v. Cloths Knob | 06 Nos. 10 Nos. 12 Nos. 05 Nos. 12 Nos. | | |
| 05 | Non Schedule | Providing & fixing jointing testing & commissioning of CPVC water pipe as per manufactured PAK ARAB Euro Gulf or Equivalent make including fitting like elbow, tee bent socket, union, nipples & reduce etc. hanging system plug, cutting making good the chase and holes complete in all respect as directed by the engineer. i. 1/2" dia ii. 3/4" dia iii. 1" dia | 140 Rft. 200 Rft. 100 Rft. | | |
| 06 | Non Schedule | Providing & fixing UPVC pipe as manufactured by AGM/ Pak Arab for drain and sewerage line including mold fitting such as tee, with cost of required depth of excavation cutting, chiseling, holes etc. in masonry or concrete complete in all respect as directed by Engineer. i. 4" dia SDR 41 ii. 3" dia SDR 41 | 160 Rft. 160 Rft. | | |
| 07 | Non Schedule | Providing & fixing UPVC floor traps standard size of pak arab or equivalent make etc. complete with laid and cover including requisite no. of holes in walls plinth or floor for pipe connecting and making good the same etc. including gasket & clamps etc. complete. | 20 Nos. | | |
| 08 | Non Schedule | Providing and fixing of metal full way gate valves of approved brand Naveed / Al-Mughal with threaded ends with all additional / fitting and material required for complete installation as described in the specification. i. 1" dia ii. 3/4" dia | 02 Nos. 06 Nos. | | |
| 09 | Non Schedule | Providing & fixing UPVC cawel for vent pipe of AGM or Dadex make as per approved sample including all accessories complete in all respect. i. 3" dia ii. 4" dia | 05 Nos. 05 Nos. | | |
| 10 | Non Schedule | Construction of main hole inside dia meter 18"x18" after finishing and depth as per site including excavation disposal of surplus material, C.C 1:4:8 6" thick in bed 8" thick machine made blocks in masonry C.C 1:2:4 in benching, cement plaster including fixing C.I manhole cover with frame (12"x12" 09 kg. cover size) weighting not less than including painting complete in all respects including R.C.C. top slab 5" thick well finished with cost of external plaster of chamber etc. complete. | 10 Nos. | | |
| Total Amount of "C" | | | | | |

| Sr. No. | PWD Schedule 2012 Ref. No | DESCRIPTION OF ITEM | QTY. | RATE (RS.) | AMOUNT (RS) |
|---|---------------------------|--|---------|------------|-------------|
| D- Electrical Works (Non-Schedule Items) | | | | | |
| 01 | Non Schedule | Providing and Wiring of light / exhaust fan and Hand dryer point controlled by one single pole switch of Clipsal or equivalent make, with 3 x 1.5mm ² single core Cu PVC insulated wire of Pakistan Cable or equivalent make, recessed in/on walls, slabs & columns canceled in ¾" PVC conduit of Galco or equivalent make, open in 16 x 25mm casing of Adamjee or equivalent make, complete with all respect such as MS back box etc., as per drawing, as required and approved by the Engineer / Directorate of Works and Services. | 24 Nos. | | |
| 02 | Non Schedule | Circuit wiring from existing switch board to nearest power point with 2x2.5mm ² + 1x1.5mm ² single core Cu PVC insulated wire of Pakistan Cable or equivalent make, recessed in walls, slabs & columns, concealed in ¾" PVC conduit of Galco or equivalent make / open in 25x25mm PVC casing of Adamjee or equivalent make, connect with DB of basement, complete with all respect as per drawing as required and as approved by the Engineer / Directorate of Works and Services. | 02 Nos. | | |
| 03 | Non Schedule | Providing and fixing of LED PC Tube rod with Batten 04 feet long 18.5 watt light fixture original Philips/Osaka or equivalent make, complete with all respect such as round cover & ceiling rose of bush or equivalent make, as per drawing, as required and as approved by the Engineer / Directorate of Works and Services. | 16 Nos. | | |
| 04 | Non Schedule | Providing and fixing of metallic body type 12" sweep exhaust fan with Louver of Pak Fan/ Royal/GFC or equivalent make, complete with all respect such as making cuts in wall for fan and making good the same as before, complete with all respect such as round cover & ceiling rose etc., as per drawing, as required and as approved by the Engineer / Directorate of Works and Services. | 04 No. | | |
| 05 | Non Schedule | Providing, fixing and connecting of Hand dryer of Siemens or equivalent make, complete with all respect such as round cover & ceiling rose etc., as per drawing, as required and as approved by the Engineer / Directorate of Works and Services. | 03 Nos. | | |
| Total Amount of "D" | | | | | |
