

Mr. Ghazanfar Hussain

Ag. Registrar

NED University of Engineering & Technology

- Ph.D. (Chemical Kinetics) from University of Karachi - In progress.
- M.Sc. (Gold Medalist) from University of Karachi in 1995.

Supervision & Co-Supervision of Research Projects

- Preparation and applications of Metallic Cobalt Ferrite Nanoparticles, 2018.
- Synthesis and Application of Zn-Ferrite Nanocatalyst for desulfurization study of Diesel fuel, 2018.
- Rheological characterization and Modeling of PVC paste, 2016.
- To explore polymer cure of De-emulsified cutting fluids, 2016.
- Study behavior of Drimarene HD-CD dyes in hard water, 2016.
- Improving different parameters of Transformer oil (Base - I), from Pakistan National Refinery Ltd, 2015.

Journal Papers and Conferences

- Improving different parameters of transformer oil from Pakistan National Refinery Limited. Syed Wajid Hussain, Amtul Qayoom, Syed Tariq Ali, and Ghazanfar Hussain. Sci. Int. (Lahore), 28(3), 2533-2536, 2016.
- Studies on *in vitro* antioxidant activity and total flavonoid contents of a cream formulation to correlate its anti-aging effect. World Journal of Pharmaceutical Research. Volume 4, Issue 1, 1646-1655.
